**Spiritual Pajamas** is proud to announce the inaugural release from **The Skiffle Players – *Skifflin'***, out **February 12th**.

The Skiffle Players genesis is a mutual appreciation of American folk music, traditional songs passed down generation to generation, each time interpreted in its own unique and personal way. The Skiffle Players is also a band, each member equally contributing a vital role; it is not one guy's side project! The songs 'Coo Coo Bird' and 'Omie Wise' have been done by countless musicians but the skiffles adaptations include verses sourced from different places (The last verse of "Coo Coo Bird" is from an ancient druid poem). Peace to the spirits of the musicians who came before us and taught us the secret esoteric ways of skiffle!

**The Skiffle Players are:**

**Neal Casal** – Guitar, vocals. Chris Robinson Brotherhood, Phil Lesh & Friends, Circles Around The Sun – “Interludes For The Dead”.

**Dan Horne** – Bass. Jonathan Wilson, Circles Around The Sun – “Interludes For The Dead”.

**Cass McCombs** – Guitar, vocals.

**Farmer Dave Scher** – Keyboards, lap steel guitar, melodica, vocals. Beachwood Sparks.

**Aaron Sperske** – Drums and percussion. Beachwood Sparks.

The Skiffle Players are presenting their first video, “**Always**,” directed by **Shannon Litntner** and edited using analog circuit bent video synths. Check it out below and stream two songs from the album, “**Omie Wise**” and “**Til Stone Day Comes**.”
