"With *soil*, serpentwithfeet deeply engages with the complex membranes between the self and a loved one, the self and the world. Few albums attempt this much nuance in articulating love; Wise's success in his ambitions feels like a gift." - *Pitchfork*

"Josiah Wise has forged a private, idiosyncratic mysticism from gospel imagery, personal obsessions, androgynous vocals and productions that turn the studio into church, fun house and asylum at the same time." - *The New York Times*

“serpentwithfeet's upcoming full-length debut *soil* will be one of the year's most intriguing albums... Enter 2018's conductor of the church of wonder.” - *NPR Music*

It has been a banner year for **serpentwithfeet**. *soil*, his debut album on **Secretly Canadian** and **Tri Angle Records**, received rave reviews and is sure to take out prominent spots on many year-end lists. To cap off an excellent 2018, serpentwithfeet shares *soil reprise* featuring acoustic versions of “**bless ur heart**” and “**messy**.” These stripped back versions highlight the intimacy of serpentwithfeet’s songwriting and his ability to make listeners feel a deep personal connection to him. Both songs explore the topics of uncertainty. On “bless ur heart,” serpentwithfeet fears that his new love will be disfavored by the people around him. While on “messy,” he mocks himself for being a difficult lover, but also questions why his man sticks around if he is truly insufferable. *soil reprise* blissfully delivers intimate interpretations of two powerful songs.
