One of the most celebrated singles and collaborations of 2021, **Sharon Van Etten** and **Angel Olsen’s “Like I Used To”** “absolutely delivers. An unexpected yet sensical crossover from two of today’s most vital and venerated songwriters, it’s a soaring showcase for both artists’ strengths” (*NPR Music*). Last night, the duo debuted the **“Like I Used To (Acoustic Version)”** on *Jimmy Kimmel Live!*, and immediately following, officially released the stripped down studio recording. Van Etten and Olsen have a magical chemistry, and their *Kimmel* appearance captures this beautifully. Filmed at Zebulon in Los Angeles, they transform the massive-sounding original into a cosmic ballad, as each relies solely on an acoustic guitar and their undeniable voices.

Praise for "Like I Used To"

"A full-scale Wall of Sound — by way of the glockenspiel-topped 'Born to Run' — pumps through 'Like I Used To' as Sharon Van Etten and Angel Olsen grapple with prospects of post-pandemic reopening and reconnecting. The sound and voices are heroic; the lyrics are more hesitant, but hopeful." - *The New York Times*

"Two of the most influential songwriters of the past decade, Sharon Van Etten and Angel Olsen are unafraid of diving headfirst into the red." - *Pitchfork*, Best New Music

“Through powerful-yet-graceful harmonies, they channel all the joy and weariness they’ve experienced as solo artists who’ve been performing for well over a decade, and experienced personal lows and highs along the way.” - *Vulture*

“Sharon Van Etten and Angel Olsen haven't hit this kind of heartland rock in a long time, if ever; on 'Like I Used To', they let loose, and it sounds ecstatic.” - *PAPER*

"The electrifying and anthemic single finds the pair at the top of their craft, constructing walls of tender guitar chords over which their voices soar." - *Paste, The Best Songs of 2021 (So Far)*

“‘Like I Used To’ has apocalyptic slow-dance energy, and it’s ever-so-slightly twangy and thoroughly absorbing, an island in the stream that slowly expands into its own humid continent.” - *The Ringer, Best Songs of 2021 (So Far)*
