“[Dragon New Warm Mountain I Believe In You] seems destined to become the favorite for a cult of hardcore fans.” - Pitchfork [9.0, BEST NEW MUSIC]

"They're the best indie-folk band around." - *Rolling Stone*

"An all-timer. A masterpiece. They really did it this time." - *UPROXX*

"[*Dragon New Warm Mountain I Believe In You*] stands as Big Thief's crowning achievement." - *Vulture*

"When I reviewed Big Thief's *Two Hands* in 2019, I mentioned that it carried the excitement of a creative talent hitting a peak. *Dragon* is somehow even better, as her songwriting grows richer and the band's playing is even more telepathic."
- *Wall Street Journal*

Big Thief's *Dragon New Warm Mountain I Believe In You*, out now on **4AD**, is already one of the most raved about albums of 2022. In support of the album, last night they returned to ***The Late Show with Stephen Colbert***. Since their last *Colbert* performance in 2019, which was instantly loved by fans, critics, and all of those who stumbled upon it, Big Thief's cult-like following has only intensified. This time around, the band played "**Simulation Swarm**," a long-time fan favorite that found its official release on *DNWMIBIY*. The performance flexes all of what makes Big Thief lovable: **Adrienne Lenker's** alluring lyrics, the band's incredible musicianship, and their overall unmatched chemistry.
